## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 (line 3-4) recites "abrasive driving means". It is not clear what "abrasive driving means" is driving? Does this "abrasive driving means" will cause the oscillation of the arcuate abrasive surface? Clarification and amendment of the claim is required.

Claims 2-20 dependent on claim 1, therefore are also rejected for the same reason.
